## FURNITURE TO MAKE YOUR HOME REMARKABLE

FRONT COVER  
1800 Riviera Extension Table, Poulsen Chair, 1520 Standard Entertainment

2000 Riviera Table, Willowbank Chair

The Riviera Design Collection is an original Sørenmøbler design concept which showcases New Zealand's beautiful natural timbers and craftsmanship. Sculptured curved timber slats enhance the figure of the rich grained Rimu and form the distinctive signature of the Riviera Design Collection.

premium quality solid

## tables & chairs

Ever mindful of the restricted availability of New Zealand Rimu, Sorenmobler strive to create furniture of inherent quality and durability both in construction and design. Premium grade Heart Rimu is hand selected and matched to blend the distinctive grains and colours into one harmonious table top. Each top carries its own individual grain pattern reflecting the wide variation of colours characteristic of this timber species.

A variety of Sorenmobler chair styles perform equally well alongside the Riviera table but perhaps most successfully the Poulson or Willowbank chairs. They combine the same signature of quality construction and comfort that are inherent in all Sorenmobler chairs providing exceptional comfort and strength.

## buffets, hutches and display units

Complementing and supporting the design concepts of the Riviera Dining Suite are a range of display and storage cabinets. The classic design of the 1600mm and 1900mm Riviera Hutch dresser feature unique, curved glass doors, providing exceptional display opportunities.

If space is at a premium, the Riviera Corner Display Cabinet fits conveniently into a corner and highlights those treasures with a full mirrored back and halogen downlights.

Traditional, solid timber constructional techniques such as glued and doweled joints are utilised in these cabinets along with dovetailed drawers which run smoothly and quietly on Quadro, self-closing runners. These unique runners have a patented system of ball bearings which ensure a lifetime of silent, smooth operation.

## occasional

The Riviera Occasional selection offers unique accent pieces that work well individually and also complement the other pieces of the Riviera Collection. Coffee tables, Lamp tables, and Hall tables all feature the signature design element of curved solid Rimu slats. The hall table is a distinctive design which also has a useful, wide drawer.

1600 x 1015 Riviera Bookcase

## bookcases

Riviera Design Bookcases are not simply a storage solution, but continue the design statement of this collection of fine furniture. Features include distinctive timber moulds on front corners. Bookcases come in two widths and two heights and can be specified with glass doors and mirrored backs if so required for individual display purposes.

## entertainment units

The Riviera design features are carried forward into this collection of entertainment units. The smaller units have curved glass doors, while the 1900mm unit has radius timber doors at each end of the unit. Clear glass allows for the operation of infra-red remotes. A range of different CD and DVD storage units are available on the various cabinets and along with this the 1200 and 1500mm unit are available as corner units. Swivel turntables are optional on all units.

CD storage available on all units

## riviera oak

The timeless Riviera Design Collection is now available in American White Oak. This classic furniture timber has been used for generations wherever an exclusive furniture piece has been specified. Hard, durable and inherently attractive, American White Oak adds a certain aura of quality to this exceptional range of furniture. Beautiful in its natural colourings, Oak can also be stained to a range of timber shades. This enables new pieces of furniture to blend in with those existing family heirlooms.

Most standard pieces in the Riviera Collection are now available in American Oak, but with a slightly longer lead time and price variation than the Rimu equivalent.

## sørenmobler

Sorenmobler is the brand behind many collections of fine solid timber furniture. Manufactured in Wanganui, this Riviera Collection forms a premium range of exquisite furniture designs. Distinctive and timeless, The Riviera Collection is manufactured from New Zealand Rimu, sourced from Sustainable Managed Forests on the West Coast of the South Island and the Central North Island. This beautiful timber is only found in New Zealand and is not to be confused with other timbers sometimes marketed as Pacific Rimu. This is not the same species and does not exhibit the same attractive grain patterns as our native NZ Rimu.

Sorenmobler is a family business that has over 30 years experience and is well established in the premium sector of the market through a long term committal to service, quality and integrity of design. Experienced trade persons team with modern machinery and competitive manufacturing practices to deliver high quality furniture to the discerning consumer.

Sorenmobler utilises premium grades of New Zealand Rimu and American Oak, these species require time consuming air drying followed by temperature controlled kiln drying to prepare the timber for manufacture. Further careful processing is required before the final steps of sanding and finishing. To truly highlight the stunning natural characteristics of this timber requires correct sealing and finishing. Sorenmobler use two-pack urethane sealers and two-pack acid catalysed lacquers, which provide a silky smooth and durable clear finish. This only requires minimal care, with a regular wipe clean and dry being all that is required to maintain this finish.

Sorenmobler are a dedicated quality furniture manufacturer committed to supplying and servicing this Riviera Collection of Fine Furniture. This Collection carries a 5 + 5 year warranty. All chairs carry a 5 year warranty and all other pieces 10 years, subject to the manufacturers terms and conditions and applicable only to the original purchaser and for domestic use only.
