

Brunswick Dining Collection

sørenmobler

Brunswick Dining Collection

The Brunswick Collection comprises a wide range of Extension Tables, Fixed Top Tables, Chairs and Buffets. A premium design collection from Sorenmobler, all Brunswick, Laccatto and Oslo tables feature hand matched 30mm Heart Rimu tops. This beautifully figured rich grained species is only available in New Zealand and is sourced from environmentally friendly, sustainably managed forests in both North and South Islands. It is carefully air-dried before being kiln-dried in a low temperature kiln. This provides a stable quality product suitable for high-end furniture.

Brunswick 1450 Single Pedestal Extension Table

Brunswick

Dining Collection

Native solid timber tables that will stand the test of time.

2200 Twin Pedestal Laccatto Table, 6 Rosedale Chairs and 1900 Forum Buffet

1700 Brunswick Extension Table

A comprehensive selection of extension tables with butterfly leaf foldaway centres are available ranging from the 1200x900mm through to the Twin Pedestal 1900x1100mm which extends to 2600mm - a comfortable 10 seater. Or, if you have the room to accommodate a fixed top table there is a choice of 9 different sizes. The timber grain of a fixed top runs the length of the table. This can be more visually attractive than the cross grain of an extension table.

Time tested constructional methods combine with quality adhesives and hardware to provide furniture of long lasting value. The finish is a multi-stage process incorporating several coats of two-pack polyurethane sealers and acid catalysed top coats. The resultant silky smooth finish is both durable and enhances the natural beauty of the Rimu.

1800 Laccatto Table and 6 Hansen Chairs

1200 Oslo Round Table and 4 Willowbank Chairs

1200 Single Pedestal Extension Table - Opens to 1600 x 900

1500 Forum Buffet

1900 Forum Hutch

Buffets & Hutches

The simple clean designs of the Forum range continues to give style to your dining room storage.

Once again Sorenmobler have consistently maintained a high level in the strength of construction and quality of finish. Dovetailed drawers run quietly on ball bearing runners, European self-closing hinges feature on all doors and flocked cutlery inserts are also available.

Highly decorative Heart Rimu is carefully selected and hand matched for tops and door faces giving unique character to each cabinet.

Every signature piece of Sorenmobler furniture carries with it the hallmarks of quality which will stand the test of time.

Chairs

A collection of aesthetically pleasing chair designs are available to complement the range of tables in the Brunswick Collection.

Willowbank

Grahamtown

Rosedale

Chatswood

Southern Ridge

Offered in both padded back or timber back variations, all chairs include many constructional features for strength and comfort. All designs incorporate double screwed and glued corner blocks, lower side rails and multi-grooved hardwood dowelled joints. These constructional techniques combine with premium timbers and quality adhesives to offer superior strength and durability.

Immediately noticeable when sitting in a Sorenmobler chair is the comfort. This is attributable to both the correct postural support and the quality, high density foam over moulded plywood seat.

To bring out the character and feature of the New Zealand Rimu, all chairs are sealed with a two pack urethane and finished with an acid-catalysed two pack lacquer.

Fabrics are critical in any colour scheme and any suitable fabric of your choice can be used to cover your chairs. Quality New Zealand leather is another practical and durable option for chair upholstery which adds a distinctive touch of sophistication.

ABOUT SORENMOBLER

For three generations the Sorensen family has been creating quality, memorable furniture right here in New Zealand.
We're a family of builders, creators and makers, carrying the tradition of our forebears in Denmark in the 1800s, to our great grandfather's design and build company in Auckland, to today, now in our large workshop in Whanganui.

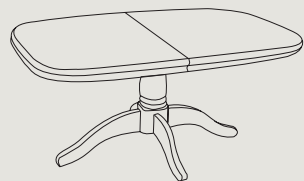

Buy from Sorenmobler and you buy furniture made from wood grown over many seasons and years. We're part of the "slow furniture" movement. When you buy from Sorenmobler, you're buying from a team of experienced New Zealand craftsmen. Each piece of furniture is quality checked at every stage of making. It's created to our exacting standards, cared for by each person in our team.

Each piece of Sorenmobler honours the past, is created in our present, and is built to last well into our future.
