Aria BEDROOM COLLECTION

Aria 6 Drawer Dresser / Mirror

Aria is a classic, well-proportioned design which showcases the natural beauty of the timber. Aria Bedroom is available in your choice of American Ash timber or native New Zealand Rimu. Cabinet tops, drawer fronts & posts are manufactured from solid timber, which along with traditional multi-groove dowelled construction ensures rigidity and longevity. Cabinet Drawers are polished inside and out and glide effortlessly on European Quadro ball bearing runners. Cabinet end panels and headboard panels are made from either Ash or Rimu veneer.

American White Ash is a beautifully grained hardwood that is grown on the East Coast of the United States. Appreciated for its density stability and attractive grain, White Ash is ideal for furniture construction and suited to both classic and contemporary styles.

New Zealand native Rimu is a beautifully grained native timber which is highly valued for its grain and colour. Very small amounts are harvested each year which means New Zealand Rimu is becoming very exclusive and highly sought after.
