Arco 6 Drawer Chest

A simple, well proportioned design which showcases the natural beauty of this decorative timber. Cabinet tops, drawer front & posts are manufactured from solid American Ash, which along with traditional multi-groove dowled construction ensures rigidity and longevity. Cabinet drawers are polished inside and out and glide effortlessly on European Quadro ball bearing runners.

American White Ash is a beautifully grained hardwood that is grown on the East Coast of the United States.

Appreciated for its density stability and attractive grain, White Ash is ideal for furniture construction and suited to both classic and contemporary styles.

Made in New Zealand by New Zealanders

Your assurance of quality furniture from beautiful American Ash timbers. Made in our factory in Wanganui, New Zealand by skilled craftsmen.

Intalock - Solid timber drawers

Quality Constructional techniques include Solid Timber Drawers polished inside and out with Dovetailed assembly methods, plywood drawer bases and cabinet backs.

Whisper Smooth Runners

All drawers glide smoothly and quietly on Quadro Ballbearing runners. These top quality runners have a lifetime warranty and are concealed underneath the drawer.

ABOUT SORENMOBLER

For three generations the Sorensen family has been creating quality, memorable furniture right here in New Zealand.

We're a family of builders, creators and makers, carrying the tradition of our forebears in Denmark in the 1800s, to our great grandfather's design and build company in Auckland, to today, now in our large workshop in Whanganui.

Buy from Sorenmobler and you buy furniture made from wood grown over many seasons and years. We're part of the "slow furniture" movement. When you buy from Sorenmobler, you're buying from a team of experienced New Zealand craftsmen. Each piece of furniture is quality checked at every stage of making. It's created to our exacting standards, cared for by each person in our team.

Each piece of Sorenmobler honours the past, is created in our present, and is built to last well into our future.
